

UPCILON Introduces **CFCM**

(Common Facility Center Manager)

A UNIQUE BILINGUAL SOFTWARE FOR DISTRICT COLLECTORATES

CFCM provides you:

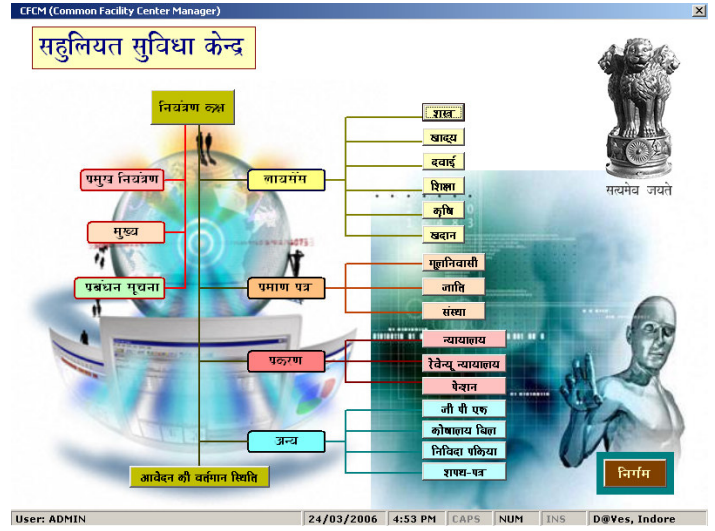

- Greater control over the offices and officers
- Controlling corruption by restricting citizens direct intervention with concerned officers
- Efficient Management Information and Executive Information System enables control over process and ensures timely completion of tasks
- Transparent e-governance in day-to-day working
- Availability of information just by the click of the mouse both to the administration and citizens

Normally, time-to-time the Collector and authorities of various departments bother about having control over the working process of various sections and sub-sections, restricting or reducing chances of corruption, restricting circulation of ill-ligal circulation and distribution of necessary documents, trying to improve the interaction and interface between citizens and government bodies, perfect services to the citizens with full transparency etc.

Yes! Come to office. Positioned the mouse of your computer and start. Start collecting the status of different cases related to Licenses, Certificates and other documents and simply called the concerned officer you found idle over the cases. CFCM provides full flexibility and No-Dependency over offices and officers to get any information. You can simply select the department and their respective report or whatever required, gives you information like number of cases filled, pending, status of application or file, details of concerned department and officer, reasons etc.

The project **CFCM** is implemented at the **Collector Office of Dhar (MP)** as a center owned by Gyandoot Samiti. The Common Facility Center Manager acts as a **SINGLE WINDOW SYSTEM** for accepting all kinds of applications for License and/or Certificate issued by the collector office, such as:

Petrol / Diesel License, Kerosene License & Drug License, Domicile Certificate, Character Certificate, Income Certificate, Co-operative Society Registration, Registration of a New School etc

Our range of software includes:

CFCM Tracker: Complete tracking solution catering to all kind of public services.

CFCM Automation: Customized software solution to automate the internal working of administration. Which includes...

Licenses and Registration Module: Arms, Food, Drug, Mining, Education, Agriculture, and Co-Operative Society.

Certificate Module: Mool Niwasi, Income, Caste, and Character.

Court Cases Module: Pension, Criminal, and Revenue.

Billing Module: Temporary GPF, Part Final GPF, and Personal Treasury Bill.

Other Module includes: Affidavit and Tender Form Purchase.

Citizen Centric Website

For the comfort of citizens, they can log on to the website and can get the exact information and status of their applications at the comfort of their home. It means '**no hassles availing government services**' and for the department '**total transparency and excellent control over activities**'
